Office and has requested a copy of the correspondence between the Office and Applicant in connection with that application. Those documents have been provided with the attached Notice Under 37 C.F.R. 1.251. That application has long since issued as U.S. Patent No. 6,030,308. However, on February 27, 2002, a reissue application was filed for that patent. The reissue application was assigned Serial No. 10/086,158. The undersigned presumes that the lost patent file is necessary for the reissue application. A copy of the reissue papers have not been provided herewith as it was our understanding the lost file documents request under the Notice related solely to the application (Serial No. 09/128,705) that issued as U.S. Patent No. 6,030,308. If more documentation is requested, please contact the undersigned attorney at (213) 896-2510 to expedite this matter as it has been over four years since the application for reissue of U.S. Patent No. 6,030,308 was filed and no Office Action has yet been received. A copy of the Notice Under 37 CFR 1.251 is enclosed.

Respectfully submitted,
